# INTRODUCTION

## URUS AT ITS PEAK.

Urus SE Performante redefines the **very pinnacle of performance**. While it remains rooted in its unmistakable **Lamborghini DNA**, this latest model introduces **advanced technical refinements** that elevate control, dynamics, and raw driving emotion to unprecedented levels.

This vehicle is the culmination of a relentless pursuit of perfection and shatters the benchmark for power and versatility, while **never compromising performance and comfort**. By harmonizing **high-track capabilities** with **everyday usability**, Urus SE Performante reshapes the meaning of exclusivity and represents the definitive expression of the super SUV.

## DESIGN

# EXTERIOR DESIGN

Urus SE Performante commands attention with a **bold, distinctive silhouette** that seamlessly merges **raw power** with Lamborghini's unmistakable **design language**.

**Improved aerodynamics** sharpen the vehicle's profile, lending it a more aggressive, daring presence on the road. The extensive use of **carbon fiber** reduces overall weight and refines performance for a superior experience in any condition, while also establishing the vehicle's **sporty DNA**. Urus SE Performante achieves a **center of gravity** that enhances stability and handling, while visually highlighting the vehicle's **extreme nature** and **unwavering commitment to performance**.

## PERFORMANCE & DRIVING EXPERIENCE

# POWERTRAIN

In terms of mechanics, the true highlight of Urus SE Performante isn't just the **hybrid powertrain**, but the **massive leap in performance**. This new, extraordinary vehicle unleashes a staggering **812 PS**, with an acceleration of **3.3 seconds** from 0 to 100 km/h and **1,000 Nm of torque**, delivering an impressive increase of **+146 PS** and **+150 Nm** compared to the legendary Performante.

# POWERTRAIN

## ENHANCED GEARBOX FEATURES

In Urus SE Performante, the gearbox underwent significant improvements to deliver the best performance ever.

## IMPROVED DOWNSHIFT

The **pull-and-hold multiple downshift debuts on Urus, allowing the driver to instantly select the lowest possible gear and thereby** maximizing control and readiness for acceleration.

---

## ENHANCED DRAG TORQUE CONTROL

The reduced torque lag and minimized power dissipation across the powertrain allow for a smoother, more consistent torque delivery, providing the perfect blend of **control, efficiency, and sport-oriented performance.**

# POWERTRAIN

## NEW TITANIUM EXHAUST

The introduction of the new **Akrapovič titanium exhaust system** brings significant advancements in both **performance and character**.

Crafted in **lightweight titanium**, the system not only contributes to further **overall vehicle weight reduction** but also delivers an **iconic sound**, enhancing the powertrain's unmistakable rumble and reinforcing the super SUV's **sporty identity** while providing a **dynamic driving experience**.

# DRIVING DYNAMICS

## NEW AURA DUAL CHAMBER AIR SUSPENSIONS

At the core of Urus SE Performante's uncompromising nature is **AURA (Active Ultra Ride Air-Suspension)**, an advanced **dual-chamber air-suspension system that delivers** the best of both worlds in terms of **performance** and **driving comfort**. By instantly adjusting axle stiffness, the system **optimizes grip and control** to suit any environment. This advanced setup significantly **reduces body roll by 55%** compared to the previous Performante, resulting in sharper turn-in and more consistent tire contact with the road.

Whether you are seeking the smooth refinement required for daily driving or the track-rated sharpness needed for high-performance cornering, **AURA continuously adapts** to ensure a perfect balance. The result is a seamless transition from exceptional everyday comfort to uncompromised dynamic precision.

# DRIVING DYNAMICS

## NEW DYNAMIC CONTROL SENSORS & INTEGRATED PERFORMANCE BRAKE

Urus SE Performante is equipped with a new **6D sensor** positioned in the car's center of gravity. The sensor communicates with the **Electronic Stability Control** unit to deliver **accurate information about the vehicle's dynamics, providing enhanced responsiveness and superior stability in all conditions** for unprecedented maneuvering precision.

Additionally, the 6D sensor chassis electronic platform integrates seamlessly with the **new integrated performance brake (IPB)**, an innovation that combines **brake force boosting** and **ESC functionality** in a single unit, offering the highest dynamics and minimum weight. The result is the **most direct brake pedal feeling** ever registered in the Urus segment, with **zero sponginess** for the most demanding drivers.

# DRIVING DYNAMICS

## LIGHTWEIGHT APPROACH & ADVANCED AERODYNAMICS

Urus SE Performante is designed with a **lightweight approach** that extends the use of carbon fiber to the maximum, resulting in a **-32kg weight reduction** compared to Urus SE. Combined with **enhanced aerodynamics**, this improvement contributes to the super SUV's exceptional performance.

# DRIVING DYNAMICS

Aerodynamic advancements for Urus SE Performante include:

## OPTIMIZED FRONT BUMPER

Developed to optimize the airflow at the side and bottom of the vehicle.

## NEW BONNET GRILLS

Two new S-ducts have been introduced to further increase the air extraction from the engine compartment and reduce drag.

## NEW FRONT SPLITTER

Designed to optimize airflow and increase front-end downforce (+16% compared to Urus Performante) to enhance handling precision and stability at all speeds.

## NEW REAR SPOILER

The redesigned upper and lower spoilers enhance balance and ensure exceptional stability at high speeds, resulting in a +10% increase in rear downforce compared to Urus Performante.

## REFINED COOLING PERFORMANCE

The wheelhouse grilles and wheel arches are designed to direct airflow more effectively, ensuring optimal thermal performance and maximizing the powertrain's cooling efficiency.

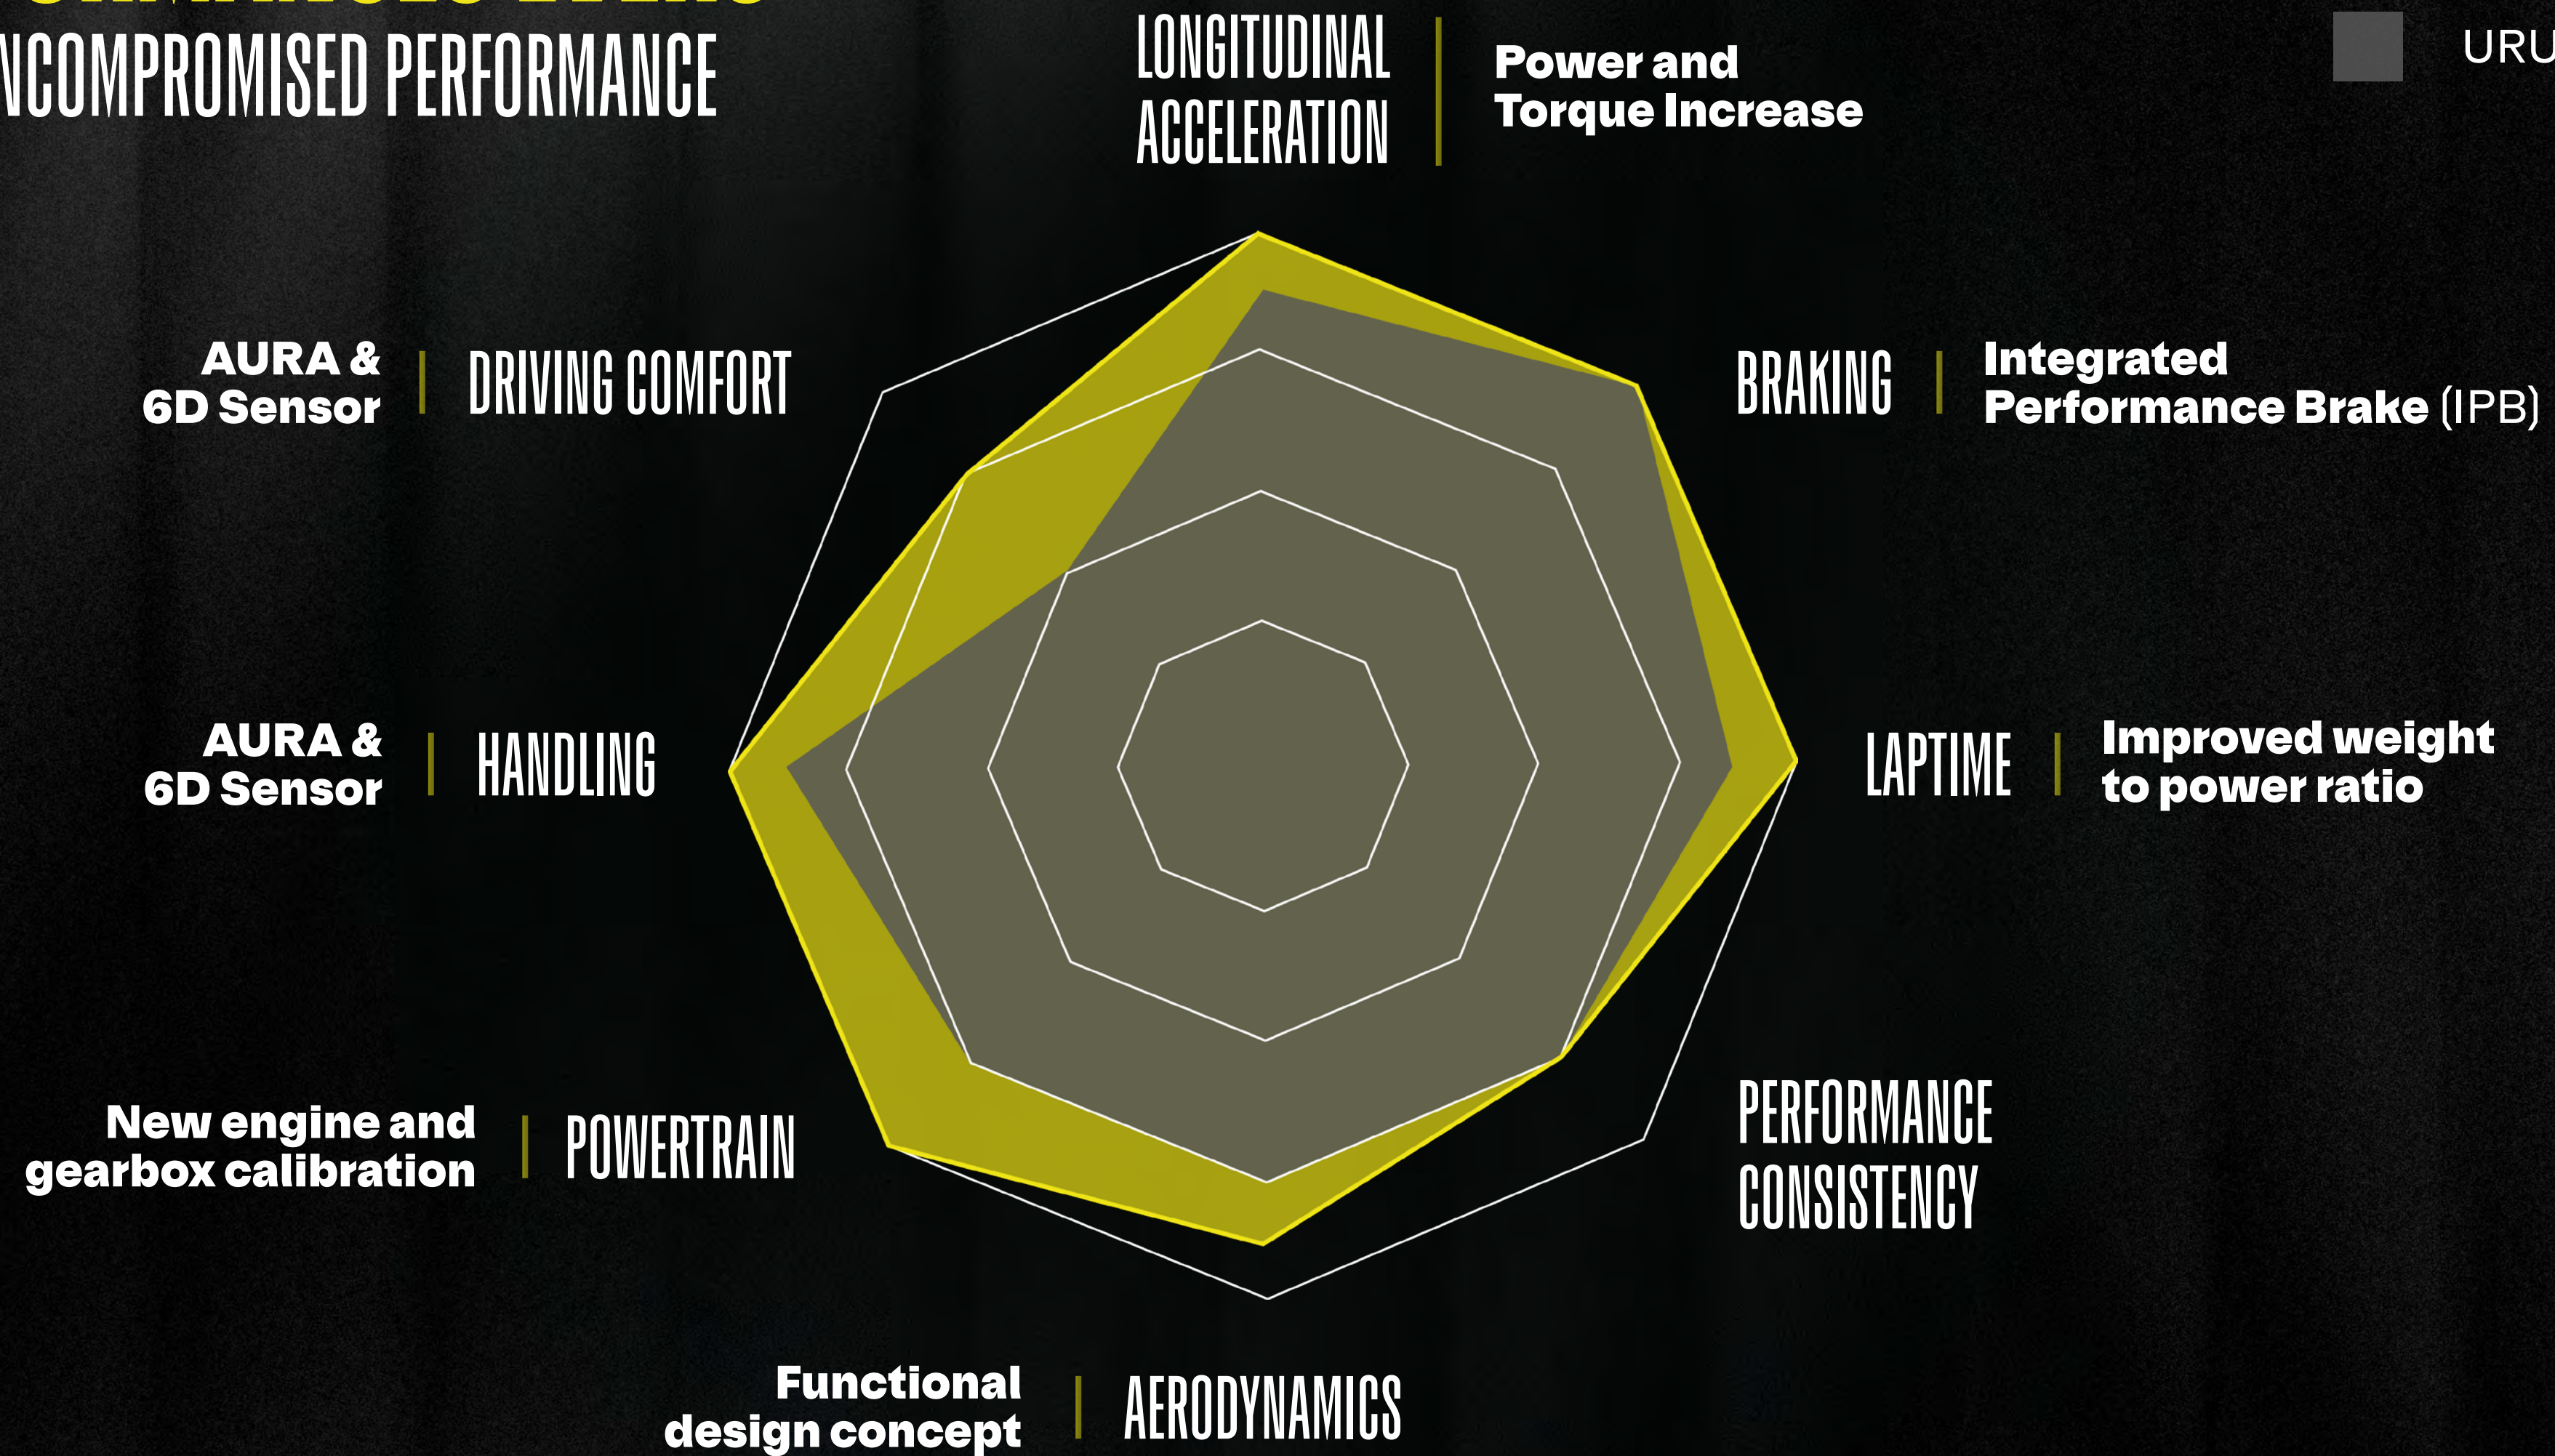

## IMPROVED BRAKE COOLING

Newly integrated NACA ducts work with the front splitter and bumper to deliver optimized airflow to the brakes.

# DRIVING & HYBRID MODES

The **ANIMA** selector remains the definitive soul of the driving experience. In the Urus SE Performante, it reaches a new fun-to-drive peak, thanks to the reintroduction of **Rally** mode, specifically developed for **low-grip surfaces and light off-road use**.

All driving modes (**Strada, Sport, Corsa, and Rally**) are designed to be paired with the electric performance strategies of **Recharge, Hybrid, and Performance**, transforming your super SUV into a master of surfaces, amplifying versatility, delivery, and, of course, the fun-to-drive factor.

# 03

## ONBOARD EXPERIENCE

# HMI

The Urus SE Performante **HMI** carries the vehicle's spirited character through a sportier, more aggressive layout. The new **widget carousel** maintains the ease of use of Urus SE, but offers a more refined visualization and streamlined graphics, providing a smoother transition between driving modes. Additionally, the new HMI widget provides more intuitive access to information about the **Internal Combustion Engine (ICE)** and **Electric Vehicle (EV)** ranges.

# CONNECTED SERVICES

Stay connected with your Urus SE Performante.

Lamborghini Connect is an exclusive technology suite designed to bring the customer experience to a whole new level. (\*)

## CONNECTED NAVIGATION SERVICES

Precise real-time travel, route, and destination updates.

- 3D City View
- Satellite Maps
- Google™ POI Search
- Google™ POI Voice Search
- Online POI Search
- Travel Guide & Restaurants
- Parking Information
- On-Street Parking
- Fuel Station Information
- Charging Station Information Traffic
- Light Information
- Online Smart Routing
- Real-Time Traffic Information First/Last
- Mile Navigation
- HD Lane
- Mini Maps
- Over-the-Air Maps Update

## PEACE OF MIND

The maximum convenience in managing the status and condition of your car. Your Urus is right at your fingertips whenever and wherever you need it.

- Vehicle Status Report
- Car Finder
- Remote Trip Statistics
- Remote Charging
- Remote Climatization
- Remote Departure Timing
- Remote Horn & Lights
- Remote Lock & Unlock
- Remote Park Assist

## SAFETY AND SECURITY

Advanced assistance services for monitoring the car and ensuring the safety of the people on board.

- Public Emergency Call
- Private Emergency Call
- ERA-GLONASS Emergency Call
- Anti-Theft Alarm Notification
- Online Roadside Assistance
- Stolen Vehicle Locator
- Local Hazard Information
- Premium Air Quality Information
- Valet Alert
- Curfew Alert
- Geofencing Alert
- Speed Alert
- Lamborghini Connect Vehicle Tracking System

## ENTERTAINMENT

Cutting-edge features that make the travel experience even more enjoyable and engaging.

- Online Radio
- Hybrid Radio
- SiriusXM 360L
- Music Recognition
- Natural Language Interaction
- Smartphone Interface

## ACCESSORI ORIGINALI

# ACCESSORI ORIGINALI

**Lamborghini Accessori Originali** is a wide range of products created to make the absolute most of your Lamborghini by equipping it with **specially designed accessories**.

Below is an overview of the **Accessori** items available for **Urus Se Performante**.

# ACCESSORI ORIGINALI

## CARE & SAFETY

Premium Protective Car Cover  
Steering Wheel Cover  
Infotainment Screen Protector  
All-Weather Floor Mats & Cargo Liner

## EXTERIOR AND CARBON FIBER

23" Penteo Rims  
Carbon Fiber Engine Bay

## CHARGING EXPERIENCE

Battery Maintainer  
Domestic Charging Kit  
Wall Brackets  
Mode 3 Cable - Public Charging

## WINTER TIRES

For more details and information on these products, please contact your **Lamborghini Dealer**.

# 05

## MANUTENZIONE ORIGINALE

# MANUTENZIONE ORIGINALE

Lamborghini warranties and maintenance programs are designed to offer you peace of mind and preserve your vehicle's peak condition, quality, and performance.

Urus SE Performante is equipped with:

## 3-YEAR WARRANTY

With **unlimited mileage.**

## 8-YEAR BATTERY WARRANTY

Up to **160,000 km/100,000 miles.**

## MANUTENZIONE ORIGINALE

A **5-year program** that covers the first five scheduled maintenance checkups up to **75,000 km/46,500 miles.**
